

Recognizing and acting on dealer demand for extensive PDI inspections, Eye Spy PDI leverages a tiered offering of its programs and pricing. Located in Middlebury, Indiana, and centered just minutes from many of the major RV manufacturers, Eye Spy PDI will serve as a check point for units to undergo a broad array of industry testing and quality checks before they continue to RV dealers. Eye Spy's mission is to provide customers with a premier experience with each inspection!

### **How Can the Eye Spy PDI Team Start to Work for You?**

The Eye Spy PDI operational team engages professional, qualified drivers to pick up completed units from the manufacturer's locations who deliver them to Eye Spy's PDI technical center. From there, the PDI inspection of the dealer's choice is conducted by our team of NRVIA Certified Inspectors. Our PDI inspections are designed to minimize the impact on dealers by shipping units that have been rigorously tested to resolve and prevent any return service trips for the consumer.

Upon completion of the 300 plus point PDI, pictures and documentation are issued including a detailed listing of any defects or deficiencies identified through the course of the evaluation. This brings the process full circle to the dealer by providing inspection documents that ensure higher quality and overall attention to detail by the Eye Spy Inspectors.

### **Benefits of Joining the Eye Spy PDI Team**

- ❖ Tiered programs and pricing to fit any need.
- ❖ Advantage of NRVIA Certified Inspectors.
- ❖ Comprehensive lineup of major systems testing to include electrical both inside and out, water flood test, braking system, and LP system.
- ❖ Disclosure of cosmetic blemishes inside and out including, but not limited to, dents, chips, cracks, graphics defects and sealant flaws.
- ❖ Option for Eye Spy to carry out repairs of quality issues and deficiencies prior to receipt of unit with prior written approval.
- ❖ Complete itemized inspection report including photographs.
- ❖ Winterization performed when applicable.
- ❖ Priority shipment by Star Fleet Trucking is available.

Eye Spy PDI's quality commitment is to furnish every dealer an explicit, superior inspection to accompany a flawless unit that, upon delivery, can be presented directly to the end user without delay. If you are looking for a PDI service to come alongside your team that is founded with integrity, dedicated to customer satisfaction, and sets the standard of excellence in the PDI industry, Eye Spy PDI would love to speak with you to discuss how the Eye Spy PDI team can integrate with your current operation to better meet the expectations of your end users consistently.
